

Professor Noah Lewin-Epstein

pas Dean of the Faculty of Social Sciences
Tel Aviv University, Israel
Former General Secretary of the ISSP

Dear Lilia Dimova

Congratulate to you and to the Agency for Social Analysis for 25 years of active and productive membership in the International Social Survey Programme (ISSP). It has been my pleasure to work with you throughout this period. In particular, your pointed comments during our General Assembly discussions have been invaluable, and your contributions to the development of the Work Orientation module, on which we worked together, were always on target. I am certain that by participating in the ISSP you are able to present researchers as well as policy makers in Bulgaria with a very useful infrastructure for social analysis.

My best wishes, Noah
